Wanda: There were 9 files that surfaced during RCRA research. After discussion with Ms. Treseder and her supervisor, they determined that only 4 out of the 9 locations were relevant to their request. Please see below. The file room has located 2 out of the 4 RCRA files – the other 2 are “missing” and I shall run “missing file reports” along with any other supporting documentation (CME’s) that are available. Please advise as to whether or not I can proceed with closing out my task for this FOIA request.

I have uploaded a copy of Ms. Treseder’s e-mail “clarification” to the actual FOIA online so that all who work on this can view it as part of the uploaded documents. Thank you.

Per my telephone conversation with a member of the CASD Team, I indicated that at this time and in reference to the above-named request we do not require files regarding Automatic Electro, Cunus Chemical, Corinet Chemical, Grignard Chemical, and FE Industries and thus that we are not requesting their production under FOIA.

Please do not hesitate to call with any questions.
